- Minor Biological Sciences

Clinical Training

- Public Health Field Study Feb – Apr 2015

Debre Markos University, Midwifery Association, Debre Markos, Ethiopia

Part of integral team who coordinated interviews of midwives, students and women in Debre Markos to gather primary data in order to assess the prevalence of disrespect and abuse against women giving birth in Ethiopia via Midwives and the effects the attitudes play in maternal fetal health. The project evaluated the nature of midwifery curriculum to determine whether a cultural component needed to be suggested as part of core curriculum to curtail the disparity.

- Integrative Cardiology (Elective) Jan – Feb 2015

Douglas W. Triffon, M.D./ Elizabeth Kaback. M.D./ James Gray, M.D. Scripps Integrative Medicine Clinic, La Jolla, CA

Evaluated and managed patients with acute and chronic cardiovascular disorders with pharmacological, natural and prescription, interventional treatments. Interpretation of ECG,

holter/event monitors, echocardiograms and nuclear scans. Well versed in lipid management for familial hypercholesterolemia and statin intolerant patients.

- Dermatology (Elective) Nov – Dec 2014

Dr. Vincent Afsahi, M.D., Selise James, PA-C South Coast Dermatology Institute, Tustin, CA
Evaluated and managed acute and chronic skin conditions in the outpatient setting. Assisted in minor dermatologic and cosmetic procedures including botulinum injections, microderm abrasions, laser procedures (hair, tattoo removal, and V-beam procedures), excisions and punch biopsies as well as verruca destruction.

- Obstetrics and Gynecology Sep – Oct 2014

Dr. Lilly Ramirez-Boyd, M.D. St Joseph's Hospital Affiliated Physician, Orange, CA
Performed routine well woman exams and pre/postnatal care visits in an outpatient setting including preventative health education, routine prenatal education, contraception, menopause, and STIs. Provided acute and preventative treatment of gynecological conditions. Obtained viral, bacterial and candidal cultures and performed Pap Smears, Doppler ultrasounds, Endometrial Biopsies, and assisted with Colposcopies. First assist on multiple surgeries including: robotic and laparoscopic hysterectomies, endometrial ablations, D&C's, and vaginal and caesarian deliveries.

- Internal Medicine Aug – Sep 2014

Alex Zand, M.D.

Zand Medical Partners, St Joseph's Hospital, Orange, CA Assessed and managed acute, chronic and preventative health care in the adult and geriatric populations in the inpatient and outpatient settings. Extensive exposure to DM, HTN, HDL, chronic pain, sleep disorders, COPD/Asthma, obesity, and pre-operative management.

- Emergency Medicine Jul – Aug 2014

Dr. Desmond Carson, M.D. Doctor's Medical Center, San Pablo, CA

Acute and emergent illness/injury evaluation and management across lifespan. Interpreted diagnostics. Provided patient care coordination with specialists. Procedures performed include: Suture/staple placement and removal, splint placement, IV placement, incision and drainage, digital blocks, injections, ear lavage, dislocation reduction, nasogastric tube placement, and intubation.

- Family Practice II – Urgent Care May – Jun 2014

Lori Long, PA-C Pacific Urgent Care, Stockton, CA

Acute and urgent illness/injury evaluation and management, as well as assessed and managed chronic and preventative healthcare across the lifespan. Several procedures performed including suture/staple placement and removal, splint placement, injections, incision and drainage, digital blocks, ear lavage, and verruca destruction.

- Family Practice I Apr – May 2014

Dr. Robert Rand, M.D. Rand Family Care, Reno, NV

Assessed and managed outpatient primary healthcare including chronic pain management, acute and chronic conditions and wellness exams. Performed cryotherapy, trigger point injections, and phlebotomy.

- General Surgery Feb – Apr 2014

Sami B. Hamamji, M.D. St. Joseph's Hospital, Orange, CA

Surgical consultations, peri-operative evaluation in the outpatient and inpatient setting. First assist on multiple surgeries including: Inguinal/incisional/hiatal/umbilical hernia repair, robotic, laparoscopic and open cholecystectomy, laparoscopic appendectomy, laparoscopic lap band placement and removal, laparoscopic sleeve gastrectomy, excisional breast biopsy, colectomy, colostomy, pilonidal cyst excision, port-a-cath placement, temporal artery biopsy, incision and drainage/wound debridement and lipoma excision. Performed suture/staple placement and wound vac cleaning and assessment.
